

**HIND INSTITUTE OF MEDICAL SCIENCES, SAFEDABAD, BARABANKI****DEPARTMENT OF PATHOLOGY**

Teaching Schedule (MBBS Batch: 2024-25)

January, 2026

W.e.f. :01.01.2026

| S.N | Date/Day   | Time    | Topic                                                                                  | Teacher                                               | Roll No.     | Venue            |
|-----|------------|---------|----------------------------------------------------------------------------------------|-------------------------------------------------------|--------------|------------------|
| 1.  | 05.01.2026 | 2-3 PM  | FEEDBACK :Formative assessment 1                                                       | Dr. Sangita Bohara                                    | All Students | Examination hall |
| 2.  | 05.01.2026 | 3-4 PM  | MUSEUM                                                                                 | All JR-3                                              | All Students | Practical lab    |
| 3.  | 06.01.2026 | 12-1 PM | QUIZ                                                                                   | Dr. U.S. Singh                                        | All Students | LT-5             |
| 4.  | 09.01.2026 | 2-4 PM  | SEMINAR on Immunopathology, AIDS & Amyloidosis (Roll no. 21 to 30)                     | Dr. Pradeep Tandon (AIDS)<br>Dr. Mahima (Amyloidosis) | 21-30        | LT-5             |
| 5.  | 12.01.2026 | 2-3 PM  | AITO (PA 12.1) Pathogenesis of disorders caused by air pollution, tobacco, alcohol SGD | Dr. Vivek Gupta                                       | 1-33         | Demo-1           |
|     |            |         |                                                                                        | Dr. Siddharth                                         | 34-66        | Demo-2           |
|     |            |         |                                                                                        | Dr. Shruti                                            | 67-Onwards   | LT-5             |
| 6.  | 12.01.2026 | 3-4 PM  | AITO (PA 12.2) Protein energy malnutrition, starvation SGD                             | Dr. Vivek Gupta                                       | 1-33         | Demo-1           |
|     |            |         |                                                                                        | Dr. D.K. Jain                                         | 34-66        | Demo-2           |
|     |            |         |                                                                                        | Dr. Mahima                                            | 67-Onwards   | LT-5             |
| 7.  | 13.01.2026 | 12-1 PM | AITO (PA12.3) Metabolic syndrome obesity. SGD                                          | Dr. Vivek Gupta                                       | 1-33         | Demo-1           |
|     |            |         |                                                                                        | Dr. Sangita Bohara                                    | 34-66        | Demo-2           |
|     |            |         |                                                                                        | Dr. Gargi                                             | 67-Onwards   | LT-5             |
| 8.  | 16.01.2026 | 2-3 PM  | AITO (PA-26.1) Arteriosclerosis and Atherosclerosis Lecture                            | Dr. Vivek Gupta                                       | All Students | LT-5             |
| 9.  | 16.01.2026 | 3-4 PM  | AITO (PA 26.2) Aneurysms SGD                                                           | Dr. Vivek Gupta                                       | 1-33         | Demo-1           |
|     |            |         |                                                                                        | Dr. Siddharth                                         | 34-66        | Demo-2           |
|     |            |         |                                                                                        | Dr. Shruti                                            | 67-Onwards   | LT-5             |
| 10. | 17.01.2026 | 12-1 PM | AITO (PA-26.3) Heart Failure Lecture                                                   | Dr. Vivek Gupta                                       | All Students | LT-5             |

|     |            |         |                                                                                                            |                    |              |               |
|-----|------------|---------|------------------------------------------------------------------------------------------------------------|--------------------|--------------|---------------|
| 11. | 19.01.2026 | 2-3 PM  | (PA-26.5) Rheumatic fever-I Etiopathogenesis, pathophysiology, Gross & microscopy Lecture                  | Dr. Vivek Gupta    | All Students | LT-5          |
| 12. | 19.01.2026 | 3-4 PM  | AITO (PA-26.5) Rheumatic fever-II Diagnostic criteria and complications Lecture                            | Dr. Vivek Gupta    | All Students | LT-5          |
| 13. | 20.01.2026 | 12-1 PM | (PA-26.4) Congenital Heart disease Lecture                                                                 | Dr. Vivek Gupta    | All Students | LT-5          |
| 14. | 23.01.2026 | 2-3 PM  | (PA 11.1) Common cytogenetic abnormalities and mutations in childhood Lecture                              | Dr. Pradeep Tandon | All Students | LT-5          |
| 15. | 23.01.2026 | 3-4 PM  | (PA 11.2) Tumors of infancy and childhood SGD                                                              | Dr. U.S. Singh     | 1-33         | Demo-1        |
|     |            |         |                                                                                                            | DR. D.K. Jain      | 34-66        | Demo-2        |
|     |            |         |                                                                                                            | Dr. Gargi          | 67-Onwards   | LT-5          |
| 16. | 24.01.2026 | 12-1 PM | (PA 11.3) Storage Disorders SDL                                                                            | Dr. Shruti         | All Students | LT-5          |
| 17. | 27.01.2026 | 12-1 PM | AITO (PA-26.6) Ischaemic heart disease-I Lecture                                                           | Dr. Vivek Gupta    | All Students | LT-5          |
| 18. | 30.01.2026 | 2-3 PM  | AITO (PA-26.6) Ischaemic heart disease-II:Diagnosis and interpretation of cardiac function testing Lecture | Dr. Vivek Gupta    | All Students | LT-5          |
| 19. | 30.01.2026 | 3-4 PM  | MUSEUM                                                                                                     | All JR-3           | All Students | Practical lab |
| 20. | 31.01.2026 | 12-1 PM | AITO (PA-26.7) Infective endocarditis Lecture                                                              | Dr. Vivek Gupta    | All Students | LT-5          |
